Hi Miranda,

I'm not going to have a lot more time to work on this before I get back, (b) (5) ACP

We can talk more when  
I get back.

Thanks!

Leah Brown

Assistant Regional Counsel

Also another thing I just realized is you can toggle on/off the formatting changes here, if it's ever an issue in the future:

Subject: Deschutes TMDL - Revised TSD for review

Hi everyone,

I have worked on revising Chris's TSD based on recent briefings and feedback received. I would appreciate you taking a look at this and flagging any big concerns you have (we are aiming to avoid re-visiting discussions that have already been hashed out). You should have just received a link from me to this document. Just in case, you can also access it here:

(b) (6)

A large rectangular area of the document has been redacted with a solid grey fill.

You will see that I've reorganized the document on a pollutant-by-pollutant basis. Other major changes include adding clear decision statements at the end of each section. These should correspond with the decision summary at the end. I have tried to resolve/address comments that I could (those are now greyed out). If you have a limited amount of time to review this, please focus on the areas flagged by questions/comments from me. Those are the sections I need the most help with. Feel free to let me know if anything is unclear or if you have questions.

I would like to wrap up this peer review by the end of next week (COB Friday, 4/13), so I am asking for your feedback by then. If this won't work for you, please let me know. (b) (5)

A rectangular area of the document has been redacted with a solid grey fill.

Thanks so much!
